# WHY PORTLAND SHOULD GET **BACK** OUT OF THE TERRORISM TASK FORCE

Portland police officers deputized as **JOINT TERRORISM TASK FORCE** (JTTF) agents cannot necessarily comply with the Oregon laws that protect us from surveillance based on political, religious, social, or immigration status.

Special guest **MICHAEL GERMAN**, a former FBI agent and current fellow at the Brennan Center for Justice, joins a **local panel** to discuss FBI spying and the effort to keep Portland out of the secretive and discriminatory operation. **An audience Q&A will follow.**
