Peace and Justice Works and Portland Copwatch invite the community to celebrate 20 years working for a better world. Join PJW/PCW for a fun and educational fundraising event. We will elect the "Warmonger of the Year."

Peace and Justice Works, a 501(c)3 non-profit dedicated to promoting nonviolent conflict resolution on local, national and international levels, was founded in March, 1992. Its project group Portland Copwatch first met in May of that year. Contact PJW if you would like to volunteer for the event, or donate goods, services, or funds to help in the celebration.
