Peace and Justice Works and Portland Copwatch are inviting the community to help us celebrate 25 years of working for a better world. Join PJW/PCW for a fun and educational "stuff-raising" event. We will show video clips of various PJW/PCW activities from over the years courtesy of Flying Focus Video Collective.

Peace and Justice Works, a 501-c-3 non-profit dedicated to promoting nonviolent conflict resolution on local, national and international levels, was founded in March, 1992. Its project group Portland Copwatch first met in May of that year. PJW's other main project is the Iraq Affinity Group focused on US policy in the "Middle East" and elsewhere. Contact PJW if you would like to volunteer for the event, or donate goods, services, or funds to help in the celebration.
